Family and Cosmetic Dentistry

David B. Becker, D.M.D., M.P.H.  
Charles L. Silvius, D.D.S.  
Todd Belfbecker, D.M.D.  
Madeline Niziak, D.M.D.

July 27, 2021

To our valued patients:

The COVID pandemic affected all of us. When our office reopened in June, 2020, after being closed for three months, Dr. Charles Silvius and Dr. David Becker did not return to patient care. Now, after not practicing for almost a year and a half, we have come to the conclusion that it is time for both of us to retire from practice. Dr. David Becker will stay involved as managing partner.

We are pleased that Dr. Todd Belfbecker, who has been treating patients in our practice for over 16 years, and Dr. Madeline Niziak, who was hired as an associate over a year ago, will continue treating our patients. Most of you already know these doctors, as well as our staff of hygienists, assistants and front office personnel who have continued to see and treat our patients. Most of them have been employed at our office - and have known you - for decades.

Our practice has always prided itself with providing excellent and meticulous dentistry while being comforting, welcoming and also making visits enjoyable. This philosophy will continue unchanged. You will notice that instead of receiving communications from 'Drs. Becker, Becker and Silvius' you will now see the new practice name 'Belfbecker Family Dental.' The name is changing, not the way the practice cares for our patients.

Over the years, we have formed wonderful relationships with so many of you; our only regret is that we will not be seeing you regularly. We wish we had been able to announce our retirement and have a 6-month "farewell tour" during which we could show you how much you have meant to us over the years, but COVID-19 made this impossible.

Fondly,

David Belf Becker, D.M.D., M.P.H.  
Charles L. Silvius, D.D.S.
